### BOURBON COUNTY TEACHERS' INSTITUTE IN SESSION.

The Bourbon County Teachers' Institute began its session at the court house in this city yesterday morning with a full attendance of the teachers of the county, who are required by law to be present and a most interesting meeting was recorded the first day.

Dr. A. S. McKinzie, of State University, Lexington, is ably conducting the Institute, which bids fair to become the most instructive in the education of the teachers of the county looking to the betterment of the schools of the rural district.

The Institute will continue throughout the week and during that time a number of distinguished speakers will be present to address the body of teachers.

On Thursday afternoon at 2 o'clock Mrs. Clarence L. Martin, of Louisville, will speak before the Teachers' Institute. Her subject will be "Household Economics," and no one in the State is better prepared to present the subject in a forceful and helpful manner.

Mrs. Martin is Chairman of the Committee on Household Economics for the Kentucky Federation of Women's Clubs. When the Agricultural train went through the state last year Mrs. Martin went with it and gave many talks, and was instrumental in organizing a number of clubs on Household Economics in various sections of the State.

In coming to Paris, Mrs. Martin is very anxious that all the teachers, both city and county, be present; and also would like to include among her audience every club woman and housekeeper in the county. Everyone is urged to attend. Mrs. Martin is the wife of Prof. U. L. Martin, former Superintendent of the Paris City Schools. While here she will be the guest of her daughter, Mrs. Clark Barnett.

At 11 o'clock this morning Mrs. Frances E. Beauchamp, of Lexington President of the Kentucky W. C. T. U., will be present and address the Institute upon the importance of teaching temperance in the schools. Mrs. Beauchamp has a State-wide reputation as a speaker and on the occasion of several former visits to this city has delivered some very delightful addresses.

### GAS RANGES.

Just received, a carload of New Process Gas Ranges at A. F. Wheeler Furniture Company, opposite Court-house.

### FATHER AND TWO SONS FINED \$20 FOR ASSAULT.

In the county court Saturday, Jesse Smith and his two sons, Jesse, Jr., and Will Smith, entered a plea of guilty to the charge of assaulting Sol Keller and his son, James Keller, and were fined \$20 and costs. It is alleged the Smiths in an altercation at Hutchison last Sunday attacked Keller and cut him in the head with a knife. The trouble took place in front of the store of Snell Bros.

### FORMER KENTUCKY EDITOR IS DEAD IN MISSOURI.

Col. J. Stoddard Johnson, aged 81 years, former associate editor of the Louisville Courier-Journal, died at the home of his son, in Clayton, Mo., after a protracted illness of arterial sclerosis. Col. Johnson was the Democratic nominee for Governor of Kentucky in 1875, but was defeated. He served as Adjutant-General of the State from 1871 to 1875, and Secretary of State from 1875 to 1879. Col. Johnson was well known in Paris, where he frequently visited and had many warm friends among the older generation.

### SOLD TEN CENT RING TO PARIS MERCHANT

A few days ago a negro man presented himself at the store of Mr. Logan Howard, and offered to sell the merchant what he represented to be a "real diamond" for the small sum of \$3. The negro came through with the old story that he had found the ring, and as he was hard up for cash he was willing to make the sacrifice.

Seeing an opportunity to get a sparkler for such a small sum Mr. Howard jumped at the chance and separated the negro from his possession in a jiffy, the latter departing with three hard "iron men."

Friday afternoon at Lexington a negro giving his name as Buck Harris was arrested for loitering, and it developed that Buck had in his possession a number of such rings, the kind that are purchasable at five and ten-cent stores. The negro imparted the story of how he had separated a number of "marks" from their coin at the rate of \$3 per, and told of doing a fair business. He had sold a white man one of the rings before his arrest.

Harris, it is thought, is the same negro who was operating in this city, and while Mr. Howard is the only victim so far reported it is the belief that a number "fell" for the game.

### YAGER HAS GOOD CHANCE TO LAND PORTO RICO JOB

Senator James stepped into the  
 breach Tuesday and for twenty min-  
 utes urged upon the President the  
 claims of Dr. Arthur Yager, who  
 seeks to be Governor of Porto Rico.  
 If the Georgetown educator lands the  
 \$8,000 office it will be the result of  
 the vigorous action of Mr. James and  
 Dr. Yager says he had placed his case  
 in the Senator's hands.

As a result of the conference the  
 Yager stock took a decided upward  
 turn. Friends of Representative  
 Martin Foster, of Illinois, had been  
 making headway with his candidacy  
 for the Governorship, but Mr. James  
 asked for the office for Dr. Yager on  
 the ground that the patronage was de-  
 served for a Kentuckian, and that the  
 applicant was a thoroughly repre-  
 sentative citizen of the State.

Dr. Yager is a prominent Baptist,  
 closely affiliated with the anti-saloon  
 element, and was a classmate of the  
 President at Princeton in 1879. This  
 later fact has been a handicap to him  
 as the President is sensitive about  
 appointing men who were at school  
 with him because he thinks it argues  
 an unjustifiable favoritism.

In the interview Mr. James based  
 the application of Dr. Yager entirely  
 upon the ground of his fitness and  
 made the matter personal. The Presi-  
 dent is desirous of granting the Ken-  
 tucky Senator any favor in his power  
 and those close to the Administration  
 declare that Dr. Yager will likely land  
 the office, whereas a week ago his  
 chances were poor.

"I think Dr. Yager has an excellent  
 chance of being appointed," said Sen-  
 ator James, as he left the White  
 House.

### HUNTING VALUE OF THE L. & N. FRANCHISE

At the conclusion of arguments  
 Tuesday afternoon in the Federal  
 Court as to the amount of franchise  
 assessment the Louisville and Nash-  
 ville should pay taxes on in order to  
 entitle it to a temporary injunction to  
 restrain the collection of axes on the  
 balance in litigation, Judge Cochran  
 announced that he would write an  
 opinion, but did not say how much he  
 would require the road to pay, al-  
 though he asked in the course of the  
 argument if any of the attorneys  
 thought \$25,000,000 would be too high  
 an assessment. Col. Henry L. Stone,  
 chief counsel for the Louisville and  
 Nashville, said he thought they could  
 show the court that it was too high.

This hearing was a continuation of  
 the hearing on a temporary injunction.  
 The railroads paid into the  
 State taxes on a valuation equal to  
 their 1911 assessments, and sued to  
 enjoin the collection of taxes on the  
 amount their 1912 assessments were  
 increased over that of 1911. This  
 hearing was a continuation of the  
 hearing on motions for temporary in-  
 junctions, Judge Cochran having held  
 the assessments void, but being of the  
 opinion that the roads should pay on  
 higher assessments than those of  
 1911. The Louisville and Nashville  
 paid on an assessment of \$11,899,200  
 and \$33,528,874, the amount of the in-  
 crease in its assessment is in litiga-  
 tion. If it is compelled to pay on an  
 assessment of \$25,000,000 it will have  
 to tender the State \$65,500.40 more in  
 taxes, and the fight will continue over  
 the \$20,428,074, the balance of the  
 1912 assessment complained of.

Fixing the assessment at \$25,000,000  
 would make it \$13,100,800 more  
 than the L. & N. conceded to be fair  
 and \$2,428,074 less than the State is  
 contending for.

### NEW TARIFF ACT CAUSES RUSH AT CUSTOMHOUSES.

Millions of Dollars of Imports in  
 Bond Will Be Withdrawn.

Vast Quantities of Foodstuffs Come  
 In Free at All the Larger Ports.

The first effect of the new tariff  
 law to which President Wilson's signa-  
 ture was written Friday night was  
 seen early Saturday when the clerical  
 force at the customhouse was in-  
 creased by fifteen men in anticipation  
 of one of the busiest days in the  
 history of the port.

The customs officials began busi-  
 ness an hour earlier than usual to  
 take care of the flood of applications  
 for release of the great store of im-  
 ports which has accumulated in bond-  
 ed warehouses awaiting the tariff  
 cuts.

In no custom district in the coun-  
 try will there be greater activity dur-  
 ing the first few days of the new tar-  
 iff than at the port of New York, for  
 in the forty-eight bonded warehouses  
 there is more than \$70,000,000 worth  
 of goods awaiting withdrawal. Im-  
 porters have been impatient to get  
 their goods on the market, and it  
 was expected they would attempt to  
 withdraw over half of this great  
 store at once.

There is almost every conceivable  
 thing in the warehouses, but the chief  
 things are cottons, linens, woollens,  
 furs, silks, leather goods, dried  
 fruits, pickled fish and leaf tobacco.

### AVOID SEDATIVE COUGH MEDICINES

If you want to contribute directly  
 to the occurrence of capillary bron-  
 chitis and pneumonia, use cough med-  
 icines that contain codeine, morphine,  
 heroin and other sedatives when you  
 have a cough or cold. An expectorant  
 like Chamberlain's Cough Remedy  
 is what is needed. That cleans  
 out the culture beds or breeding  
 places for the germs of pneumonia  
 and other germ diseases. That is  
 why pneumonia never results from a  
 cold when Chamberlain's Cough Remedy  
 is used. It has a world-wide reputa-  
 tion for its cures. It contains no  
 morphine or other sedative. For sale  
 by all dealers. (adv)

### WARNING FOR EMPLOYEES

Instruction for Payment of Income  
 Tax Sent Out From Capital.

Checks or bills of exchange. An  
 Washington were instructed Satur-  
 day by Commissioner Osborn to warn  
 all employers charged by the new in-  
 come tax law to withhold the normal  
 income tax of 1 per cent. at its  
 source, to pay it to the Government,  
 and that if they fail they will be li-  
 able for the amount. This provision  
 becomes effective November 1.

"As the law does not specify in  
 what manner the tax shall be with-  
 held," said Mr. Osborn, "it would ap-  
 pear that such means may be adopted  
 as will be best adapted to the par-  
 ticular business affected."

The Commissioner said he would  
 prepare licenses and regulations as  
 soon as possible to enforce the pro-  
 vision which requires the licensing of  
 persons, firms or corporations under-  
 taking the collection of foreign inter-  
 national payments by means of cou-  
 pons, checks or bill of exchange. An  
 application for such license filed with  
 a Collector of Internal Revenue, he  
 announced, would be considered suf-  
 ficient compliance with the law until  
 the licenses and regulations can be  
 issued.

King He-Me-Hah, one of the early  
 rulers of Egypt, we are assured by a  
 Pennsylvania professor, had a harem  
 of 800 wives.

## CHANGE IN OUR TAX LAWS NEEDED

Constitutional Amendment  
To Be Voted On In  
November

### EQUITABLE SYSTEM DEMANDED

Last General Assembly Passed an Amendment to the State Constitution Relating to Revenue and Taxation.

Frankfort, Ky.—(Special)—The last General Assembly in Kentucky passed an amendment to the State Constitution relating to revenue and taxation with a view of abolishing the antiquated general property tax and substituting a more flexible system known to be more equitable and productive of greater revenue in other states.

The tax commission appointed under another act at the same session made a thorough investigation and reported unanimously in condemnation of the present law and strongly urged the adoption of the amendment by the voters at the November election.

It is a significant fact that since the adoption of the present Constitution in 1891, which provided that "taxes should be uniform on all property," a large volume of personal property has disappeared from the assessors' rolls for the simple reason that such property was taxed out of existence or at least out of sight.

The owner of a bond, for instance, who received 4% interest and was called upon to pay in some instances 2½% or more in taxes either sold his bond or failed to return it for taxation and cash, notes, bonds, stocks in foreign corporations and such like investments are apparently no longer owned by Kentuckians.

### Burden of Taxes Transferred.

This has had a tendency to transfer the burden of taxation to real estate and other property in sight and is not only unequal but unjust.

The real estate owner has sought to diminish its value and in order to protect himself transfers of property for "one dollar and other valuable considerations" has demoralized the true values and leaves the assessor no guide to follow.

Our citizens have unblushingly omitted such items in their returns for assessment and have felt justified in doing so.

The finances of the state have fallen into confusion and revenue agents and arbitrary boards of so-called "Equalization" have failed to discover such property and secure their assessment.

Under the present law every man is practically his own assessor and the courts have sustained the practice, as the law permits no other course.

### General Property Tax Desirable.

Other states have long since recognized the inefficiency of the "General Property Tax," and in these states we see enterprise rewarded and wealth accumulating, while the tendency in Kentucky has been to hide our light and incidentally our valuables for fear of the tax collector's discovery.

Our progress has been retarded. Our population diminished and aside from the land owners and some merchants we do not seem to have much wealth left in the state.

Money like water flows along the lines of least resistance, and if we throw up a dam, however slight, it will be diverted.

Such a trifling obstacle as taxes, if unequally distributed, may prove to be a barrier of insurmountable proportions, however insignificant it may seem from a casual view.

No one desires willingly to become a law breaker, a deceiver or an evader, and yet he must be all of these if he follows the old maxim, "When in Rome you must do as the Romans do."

Is this true? Go look at the assessors' books and see where men who are known to be wealthy get off by paying little or no taxes on personal property assessed by themselves.

Do self-respecting men care to follow this example?

A shrewd business man may have large investments in bonds and fail to return them for taxation by many well known practices of evasion. He receives the full return on his investment.

A widow or orphan may be left bonds and the estate may have to be settled in court. The revenue agent finds it out and sues for "omitted assessments" of former years and the assessor puts them on the tax list. The widow and orphan are compelled to pay two or three per cent in taxes and live on the remainder.

Is such a system fair?

Taxes, in a free self-governed country, should be the least matter to worry about and yet they can be made so unfair and irksome they drive people away and keep others from coming in. This is happening all the time in Kentucky.

We have a chance to remedy this evil and if disregarded now we will have to wait another five years before it presents itself again.

It is a clear duty to vote for this constitutional amendment at the November election and every citizen in the state should vote himself and urge his neighbor to do the same if Kentucky is ever to be dragged out of its lassitude and kept in the front rank of progress, prosperity and peace.

## STOCK AND FARM NOTES

—McCray Bros., of North Middletown, have disposed of their saddle mare, Indianola, at a good figure.

—The late tobacco in Scott county has been cut green, the growers in these parts fearing a damaging frost. In consequence, the weed is curing up reddish. The early cut, that is that which ripened early, is curing up fine.

—Cynthiana Democrat: "W. M. Goodwin has sold his Bourbon county farm of 162 acres, near Colville, to L. C. McLoney and Arthur Talbott. Price, \$14,000. The sale was made by Eals & Peterson, real estate agents."

—The "Kentucky Red Berkshire Association" was organized at Lancaster on county court day. Mr. J. G. Burnside, of Upper Garrard, was chosen president. Mr. Samuel H. Harris, of Lincoln county, was made vice-president, and Mr. W. O. Walker, of Stanford, secretary-treasurer.

—Georgetown News: "Mr. John W. Hall weighed up to Mr. J. A. Hamon Thursday 24 head of 'baby beef' yearling steers, averaging 1,000 pounds, at 8 cents per pound. Mr. Hall bought these calves last fall on the Chicago market, costing him about \$35 per head. He fed them shelled corn every day up until the day he weighed them up. Mr. Hamon shipped them to the Chicago market."

—Arthur Hancock, of Paris, Sunday night, shipped five mares, which for some time have been quartered in the Blue Grass, to his Ellerslie Stud at Charlottesville, Va., and where they will be bred next season to his recently purchased \$20,000 stallion, Celt. The mares are Folly Levy, Please, Sumptuous, Little Em and Meddling Mary. The first three have been bred to Celt; Little Em to Balot, and Meddling Mary to Water Boy.

—The shortage in the Irish potato crop because of the long continued drouth becomes more and more evident as the time for digging arrives, says a dispatch from Lancaster. One Lancaster man who has been gardening on a large scale reports along with a minimum yield of other products only a seventy-five bushel crop of Irish tubers when he calculated at planting time on at least a noutput of 200 bushels, while as it is the poor yield of seventy-five bushels will not pay for his seed potatoes.

—Practically all of the tobacco crop of Bourbon county has been cut and is in the barn, with the result the farmers are greatly relieved for fear of the frosts doing further damage than that which has already been wrought by the drouth. The crop of Bourbon county this season, while full acreage was planted in the spring, will not yield more than sixty-five to seventy per cent. of the average production of the county. Growers have another serious problem to contend with, that being the danger of house-burning of the tobacco. The crop, owing to the existing cool weather conditions, is not curing as it should and there is grave danger of damage from this source.

—The tobacco crop of Harrison county is almost all in the barn and early harvesters of the weed claim it is curing brighter than in several years. The dry weather of the past summer has caused the crop to be very thin, and as a result a fine quality is to be expected. The principal damage was due to "firing" during the hot weather, but as this damage was to the lowest grades the loss will not be heavy. The crop of the present year is the shortest this county has had since the cut-out crop of 1908 and for this reason and the fact that the reports from the neighboring counties show that the same state of affairs, Harrison county farmers are expecting a good market. Many offers from speculators of from 15 to 20 cents straight for the entire crop comes from all parts of the county.

"I certainly do."

### LUKE McLUKE SAYS.

Once in a while a girl marries a fellow because he has the cutest dimples, and then again it may be because he can roll a cigarette with one hand.

A man never bothers about any of the rules for longevity until he gets to be about 70 years old.

As a rule the man who says he is wedded to his art has forgotten to get a divorce from Poverty.

In the list of "among those present" at a wedding you can nearly always find the name of the bridegroom.

If a woman has it, it is nervous prostration. If a cat has it, it is fits. What has become of the old-fashioned horse that used to run away in a city street.

During the first week a new bride is scared to spend her husband's money. A year later she is scared she won't get enough to spend.

Reform is like a lot of other ingrates. Treat it decently and show it a little kindness and it will swell up and tell you where you get off.

Take a genuine Oriental rug, made in Paterson, N. J., and mark it \$2.69, and a woman won't look at it. But if you mark it \$69.20 she simply has to have it.

They say politeness does not cost anything. Well, how do these \$10-a-week waiters get their \$10,000 bank accounts?

The only time a woman is thankful for little things is when they happen to be her feet.

After sizing up what the women wear around the kitchen you always wonder why the rag man doesn't do a bigger business.

As long as a woman is out of a man's reach he knows she is worth reaching for.

If a picture of a nude woman was painted in 1713 it is ART. If it was painted in 1913 it is OBSCENE.

Platonic Love means that you are going to give her a brotherly kiss and forget that she is a woman. And, like the famous ornithineus, they ain't no such animal.—Cincinnati Enquirer.

Soda crackers are more nutritive than any other flour food. Uneeda Biscuit are the perfect soda crackers.

Though the cost is but five cents, Uneeda Biscuit are too good, too nourishing, too crisp, to be bought merely as an economy.

Chile is one of the Latin-American countries where thrift is common and peace and order prevail. The savings bank deposits have increased about 150 per cent. in four years and 40 per cent. from 1911 to 1912.

CORROBORATION

Of Interest to Paris Readers.

For months Paris citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Paris residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Paris reader:

Mrs. Ida Huffman, 115 Main street, Paris, Ky., says: "We think Doan's Kidney Pills are just fine. We willingly confirm the endorsement we gave them some time ago. I suffered from pains across the small of my back. Seeing Doan's Kidney Pills advertised I got a supply at Wilson's (now Chas. E. Butler & Co.'s) drug store and gave them a trial. I was very much pleased with the results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

ANOTHER FREAK SUIT IN  
COUNTY OF NICHOLAS

Our sister county of Nicholas is getting quite a reputation for freak suits. Recently hundreds of dollars were expended in litigation to decide the ownership of a barrel of corn. It was compromised. Recently two Nicholas farmers, P. H. Harney and Frank Teel, became involved in a controversy over the ownership of about one-sixteenth of an acre of land, said to be worth not more than \$1. The case was decided by the court, which established a line at a different place than either party claimed. The sum of \$150 has been expended so far and it is likely that the case will be carried to the Court of Appeals.

The funeral services took place Sunday afternoon at the grave in the Millersburg cemetery, conducted by Dr. C. C. Fisher. The pall-bearers were: Cale Corrington, J. G. Allen, Layson Tarr, James McClure, Thos. Savage and Thos. Wadell.

CORBETT.

—Mr. John Corbett, aged 74 years, died at his home in Mt. Sterling, Sunday, Sept. 23, after a protracted illness of a complication of diseases. For several weeks he had been at a Lexington hospital under treatment, but his condition was such that little hopes were entertained for his recovery. His wife died ten years ago. His surviving children are P. Henry Corbett and Chas. Corbett, of Memphis, Tenn.; Wm. Corbett, of Louisville; John and Thos., who lived with their father; Mrs. Margaret McNamara, of Covington; Mrs. J. E. Kisker, of Columbus, O.; Sister Mary Benedicta, of Cardome Convent at Georgetown.

BRANNOCK.

Mr. Brannock was a son of the late Mr. and Mrs. William Brannock, the latter being before marriage Miss Elizabeth Kiser, a daughter of the late Allen Kiser, of Bourbon. Deceased was a nephew of Mr. Allen M. Kiser, of Paris.

Mr. Brannock was a prominent farmer of Cass county, Missouri, and had made a number of visits to Kentucky relatives. He is survived by his wife and several children.

At one time he was president of the National Fox Hunters' Association.

### END OF WHISKY WAR SIGHTED BY WALL STREET

Wall street sees an end to the long fight between the Distillers' Securities Company, known as the "Whisky Trust," and the independent whisky manufacturers in a report circulated in New York that Julius Kessler, of Julius Kessler & Co., one of the largest distributors of Bourbon whiskies, will, at the annual meeting on October 15, be elected president of the Securities Company, as well as of the United States Industrial Alcohol Company, the Kentucky Distillers' Warehouse Company, the Cuban Molasses Company, and other subsidiaries of the Trust.

E. J. Curley, president of the Distillers' Securities Company, has announced his intention to retire because of ill-health.

### INDICTMENTS RETURNED BY CLARK COUNTY GRAND JURY.

The Clark county grand jury, which has been in session for the past three weeks, returned the following indictments late Saturday evening in connection with the election cases they have been investigating: John Sumpter, Babe Rankin, Will Eubanks, John Ballard, Zack Connor, Jesse Spencer. These men are all well known in Winchester and Clark county and considerable excitement was caused when the names became known.

### LOW STAGE OF STONER REVEALS OLD DAM

The present low stage of Stoner creek, which is at the lowest stage in thirty years, reveals an old dam which crosses the stream at a point below the cleaning plant of E. F. Spears & Son. Many citizens are taking advantage of the opportunity to view the remains of the ancient structure, which only once before in almost a century has been visible.

The dam was constructed of timbers and stones, and was the first built to furnish a water power for running a mill which was built on a nearby site in spite of the fact that the timbers have been constantly buried beneath the volume of water, many of them are in a perfect state of preservation. One timber roughly hewn from a coffee bean tree, shows not the slightest indication of decay although nearly a century has passed since it was first put in its position.

Mr. Chas. Foote, one of the oldest citizens of Paris, whose recollection of the dam is very clear, was one of the interested spectators Sunday afternoon, and with an axe chopped several chips from the log, a difficult task, owing to the hardened condition of the wood.

## MATRIMONIAL.

WALLER-CLARK.

—The marriage of Miss Martha Hume Waller to Mr. W. A. Clark was quietly celebrated Saturday at noon at the home of the officiating minister, Rev. Mr. Herget.

The announcement of the wedding came as a surprise to the friends of the bride in this city. Mrs. Clark is the charming daughter of Mrs. W. C. Ussery, of this city, and has for the past two or three years been making her home in Cincinnati. The marriage is the culmination of a pretty romance which began about two years ago.

She is prominent in society circles and is well known and very popular throughout Central Kentucky.

Mr. Clark is a member of the advertising staff of the Cincinnati Enquirer, and has a large circle of friends in Cincinnati.

In the delinquent list are the counties of Jefferson, Cumberland, Letcher, Lewis, Lyon, Martin, Menifee, Pike, Breathitt, Carlisle and Taylor. Winchester and Middlesboro have made no report of any kind for two years, and the following cities have made no statistical report this year: Louisville, Covington, Cynthiana, Maysville, Paris, Pineville, Richmond, Russellville and Versailles.

Band, Mrs. Watson Judy; Assist-  
ants, Mrs. Lizzie Walker, Mrs. Fan-  
nie Swango, Mrs. T. M. Funk, Mrs.  
E. T. Hinton and Mrs. F. P. Walker.

Mrs. W. E. Simms, who for the past  
sixteen years has been president of  
the Board, and who resigned several  
months ago on account of ill-health,  
and Mrs. R. B. Hutchcraft, who was  
chosen to fill the vacancy, have  
brought the auxiliary to the high  
standard of excellence, will no doubt  
be maintained during the term of the  
new President, Mrs. Payne, who pos-  
sesses excellent executive ability and  
has a marked knowledge of parlia-  
mentary law. Considerable business  
was disposed of before Mrs. T. M.  
Funk took charge of the literary  
program, which consisted of the de-  
votional exercises, a reading by Mrs.  
Bettie Brown on "What is the Bible,"  
a missionary story, "Praying and Go-  
ing Forward," told by Mrs. E. P.  
Clark, and a paper by Mrs. Funk.

—Mrs. C. C. Clarke entertained Fri-  
day afternoon at her home near North  
Middletown with a beautiful euchre  
party, which was one of the pretty  
events of the autumn season. The  
rooms of the beautiful home were  
made very pretty and attractive by an  
artistic arrangement of golden rod,  
autumn leaves and plants. A deli-  
cious buffet luncheon was served at one  
o'clock. The table was covered with  
dainty Battenburg cloth and the cen-  
terpiece was a beautiful arrangement  
of crimson dahlias. Dishes of mints  
and nuts were placed on the cloth.

After luncheon progressive euchre  
was enjoyed, and for the highest  
score a cut glass bon bon bowl was  
awarded to Miss Willie Boardman,  
while the consolation prize, a deck of  
cards, was won by Mrs. John S. Tal-  
bott. The following guests enjoyed  
the delightful occasion: from North  
Middletown and vicinity, Mesdames  
Will Gay, Walter Meng, Emma Cooper,  
Frank Collins, Louis Rogers, Cateshy  
Woodford, Jr., Thomas Buckner,  
Walter Kenney, Alice S. Dickson,

### LARGE STOCK BARN BURNED ON THE RUNNEMEDE FARM

A large stock barn at "Runnymede,"  
the stock farm of Col. E. F. Clay, was  
burned to the ground about noon,  
Thursday, entailing a loss of about  
\$800. Hay and other feed stored in  
the barn together with a number of  
farming implements were also con-  
sumed. The blaze when discovered  
by Col. Clay from his back porch  
was under full headway. There were  
several horses in the barn which were  
rescued without injury. Col. Clay  
carried no insurance upon the struc-  
ture.

### COUNTY COURT DRAWS AN EXCEPTIONALLY LARGE CROWD.

October court yesterday brought  
out a large crowd—one of the largest  
that has been in attendance for many  
months, but little business was trans-  
acted.

About two hundred cattle were re-  
ported on the market at the pens of  
M. J. Murphy & Co., all of which  
sold at prices ranging from six to  
seven cents. Three hundred sheep  
were at the pens, the majority of  
which changed hands at from \$5 to  
\$6 per head.

There were about one hundred mule  
colts on the market and about fifty-  
five of the number changed hands at  
from \$25 to \$120 per head. Clay  
county parties purchased about forty  
head, which are quartered at the sta-  
bles of M. J. Murphy & Co., awaiting  
shipment.

### BURLEY SOCIETY SETTLES TAX SUITS FOR \$10,000.

All the suits for back taxes brought  
against the Burley Tobacco Society in  
twenty-six counties by former State  
Auditor's Agent John Howard, were  
settled Thursday by Henry Ware,  
appointed special Auditor's agent for  
the purpose, and State Fire Marshal  
C. C. Bosworth, acting for State Auditor  
H. M. Bosworth, and B. D. Berry,  
of Lexington, representing the Bur-  
ley Society. The amount of the set-  
tlement is \$10,000, and includes all  
the claims for back taxes excepting  
\$2,400 now in the hands of Auditor's  
Agent D. L. Hardesty, of Lexington.  
The suits aggregated many thou-  
sands of dollars, but many of them  
were not enforceable, the Common-  
wealth having recently lost the one  
in Fayette county. The suit pending  
in Bourbon is included in the num-  
ber.

**KENTUCKY SPORTSMEN WIN THEIR CONTENTION.**

Kentucky sportsmen won in their contention presented by J. Q. Ward, Executive Agent of the Game and Fish Commission, before the United States Biological Survey, for an extended shooting season on the Ohio river. Mr. Ward received word that migratory birds may be shot on the Ohio river from October 1 to January 15.

Under a new Federal statute, giving the Department of Agriculture power to make rules for the protection of migratory song, game and insectivorous birds, the survey had made the Mississippi and its tributaries a zone of immunity on which these birds could not be shot until November 1. This was to give them a place to alight on their long Southern journey in the fall. But the Ohio river is the only body of water on which Kentucky sportsmen have a chance to shoot these birds, and November 1 is so late, that, according to the observed habits of mallards and other choice game birds, nearly all of them would have departed Southward before the hunters had a chance at them.

Executive Agent Ward took up the question with the survey, and while in Boston attending the meeting of the National Association of Game Commissioners, made a vigorous protest. The result was announced by letter.

**Do Your Dollars Fly up the Flue?**  
Coal costs money. You know it. The winter's coal costs BIG money. You know that also. Yet, half of it is wasted by poor management. Oh, yes it is! Listen and be convinced.

Ordinary soft coal is half gas. An average ton of \$3.00 coal contains about 14,000 cubic feet of gas—common illuminating gas. A gas which will, if properly mixed with air, burn with an intensely hot blue flame. This gas represents the best half of your ton of coal.

This unburned gas and a large portion of the heat is CARRIED UP THE CHIMNEY by the air leaking cracks in stoves of ORDINARY construction.

There is only one way to save this wasted gas and heat and that is with a

**Cole's Original Hot Blast Heater**

which is so constructed that it has no air leaking cracks. In this wonderful heater and fuel-saver the gas is kept under perfect control until oxidized and burned.

It is the only stove that is made tight—holds tight—stays tight.

It is the only stove that saves the wasted chimney heat.

It's the only stove that gives you a constant, steady heat with soft coal, hard coal or lignite.

It will give you all the heat that is in your coal.

It will hold your fire 36 hours without attention.

It will burn all kinds of fuel.

It is guaranteed to consume one-third less fuel than any lower draft stove of the same size, using soft coal, lignite or slack.

AND—It is sold you under a guarantee to fill all these claims.

Back of this guarantee is the credit and capital of an immense factory and it is worth to you 100 cents on the dollar.

UNLUCKY THIRTEEN HAD ITS ORIGIN IN HOLY WRIT.

(Chicago Tribune.)

What is the foundation of the "thirteen" superstition? Why is it now that we are fully startled in the year 1913 that the superstitions are becoming more and more weighted down with the burden of their inexplicable fears? For they are unexplainable—no one can tell you just why they are in such dread of the number if you press them for a reason.

Neither is it in English-speaking countries alone that the date is a fearful one. You can trace it in France, where the minister postpones the publication of the names of a new Cabinet, that the list may not appear on the thirteenth of the month.

You meet with it in Germany, too, where even Bismarck would rather sacrifice a dinner than make one of thirteen at a table. Again you can come across the same superstition of terror in Switzerland, in Italy and in the Scandinavian countries. You find it on the stock change and even in gay, cynical Paris it creeps out when a holiday starts on the thirteenth and half the people stay shamefacedly at home.

An English expert along statistical lines has recently compiled some valuable information on this queer but interesting subject. The superstition traced back to antiquity, is thought to have its foundation in all Scandinavian countries. Their ancient gods and goddesses apparently loathed the number, but back of that none can go.

As for the reason in England two explanations are offered, though probably no one person in a thousand who cherishes the delusion can really tell them. One authority ascribes the whole tradition to the ill luck thought to be associated from the fact that thirteen sat down to the Last Supper.

But why any blighting or pernicious influence should result in mankind from the solemn gathering no man or woman of any sane mind has ever been able to say. Though there are scholars who explain the terror by pointing out that since Judas, who was the first to quit the table, hanged himself, the superstition has come down through ages since then.

But there is another and more definite reason for its origin, which was only reached after a long and laborious search on the part of a number of learned men. "The superstition," they say, "that where a company of persons amounts to thirteen one of them will die within the twelve-month afterward seems to be founded on the calculations adhered to by the insurance offices, which presume that out of thirteen persons taken indiscriminately one will die within the year."

So, apparently, the superstition comes from a ridiculous education from biblical history or from the chance calculations of some forgotten insurance man's computation, whose theory probably would be upset in five minutes by modern authority upon life averages of healthy individuals.

Browning in 1880, wrote to the inland revenue officials that he received practically no profits from literature, as his work was "unprofitable and unsalable." But only the other day the manuscripts of his letters sold for \$32,000.

### "SYRUP OF FIGS" FOR CONSTIPATED CHILD.

Delicious "Fruit Laxative" Can't Harm Stomach, Liver and Bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomachache, diarrhoea, indigestion, colic, remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know today saves a sick child tomorrow. Ask your druggist for a fifty-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by the "California Fig Syrup Company." (adv)

Thousands of tons of licorice root, an article that by the natives generally is seemed a pest and worse than worthless, are annually gathered in Turkey for exportation to America for use in the manufacture of chewing and smoking tobacco as well as for flavoring confectionery and beer. The principal collecting stations are Bagdad, Alexandretta and Smyrna, at which places the exporters maintain offices, hydraulic presses and warehouses. The business is largely controlled by an American concern.

### PRANKS PLAYED ON THE GERMAN ARMY.

If Herr August Wolter is really mad there is at least a delicious method in his madness, for he has succeeded in hoaxing the whole garrison of Strausburg and the Kaiser's son into the bargain. Since the spacious days of Kopenick, Germany—civilian Germany—has not laughed so much, says the London Express. Since those days the ordinary man would have supposed it an impossible feat to play a great practical joke on the German army. But Herr August Wolter is evidently no ordinary man, mad or sane. He has the direct daring and the ingenious resource of the great impresario. His method was simplicity itself. First of all—how?—he got hold of the Emperor's secret telegraphic code. Then he sent a message to the commander of the Strausburg garrison ordering a parade of the entire force for inspection by the Emperor, who was to arrive at 4 o'clock. Punctually and obediently the Practorian guard turned out, royal Prince and all, while Wolter, with the malice of the true jester, stood in the expectant crowd. No one had considered any precaution so trivial and mundane as confirmation of the Kaiser's telegraphic orders. No one suspected a hoax until the Emperor—who was, oddly enough, known to be at Koenigsberg, leagues away—put in no appearance. At last the truth dawned on the obtuse, the parade was dismissed, and Wolter, detected, was thrown into prison. "Capt." Kopenick makes it roar. But German officialdom roars louder in its outraged dignity, for the latest hoax is positive lese-majeste. "You must not take liberties with the Kaiser's name" is the commandment stamped on the hearts of the whole bureaucracy of Germany, and this supposed lunatic has done it in order to prove that he is saner than many other people. It is all very delicious. But it has its moral, for it emphasizes the perils of the cast-iron machine which stifles thought and independence.

## NEWS OF MILLERSBURG

The City Council in regular meeting Wednesday night ordered a chemical fire engine. This puts our voluntary fire department in most excellent condition, and places Millersburg far beyond any little city of its size. The new steam engine which was ordered a few weeks ago is expected to arrive at any time, and when the chemical engine arrives this will give us two steam engines, a chemical engine, a ladder wagon and a sufficient amount of hose. The new fire cistern is about completed. It is 30 feet in length, 10 feet in width and 10 feet deep, and will be never-failing inasmuch as it is to be supplied from the never-failing cistern at the Peed & McClintock barn, and when the connections are made the water can be pumped into it at the same time it is being pumped up. With the new chemical engine we will be prepared to cope with almost any fire that is likely to occur.

Mr. Leslie Bryan has resigned his position as local manager of the Central Home Telephone Co., to take effect Oct. 10. Mr. Bryan has been connected with the office for several months, and has given general satisfaction, while Mrs. Bryan has held the position as night operator. They have made friends here during their sojourn who regret their departure. They will go to Lexington, where they will make their future home.

The property of Mrs. Bessie John-

son, on Fourth and Vimont streets, which was advertised for sale on last Saturday, was sold privately in advance of the time to Dick White, colored, for \$800. The home of Mr. Leonard Downing, in Judyville, which was advertised for sale at the same time, was bid to \$1,500, and taken down. The vacant lots adjoining it were sold to Mr. D. E. Clarke.

The remains of Mrs. Martha McClelland who died at her home in Paris Friday, were interred in the Millersburg cemetery Sunday afternoon after a short service at the grave conducted by Rev. C. C. Fisher, of the M. F. C. The greater portion of her life had been spent in this community, and a large crowd was present to pay the last sad tribute to her memory. She was the widow of the late Joseph McClelland, who died about twenty years ago, and is survived by one son, Mr. Joseph McClelland, Jr., of Cincinnati. Two sons have preceded her to the grave. She was a lifelong member of the Baptist church and for many years was an active worker in all its interests. She was one of the most lovable characters that ever resided in this community.

TWO INJURED WHEN CYCLE  
COLLIDES WITH AUTOMOBILE

Keller Farmer, a telegraph operator on the Louisville and Nashville railroad and C. B. Cook were injured the former perhaps seriously in an accident which occurred on the Winchester pike Saturday afternoon. Farmer and Cook were riding the machine which collided with an automobile driven by Mr. Harry Clay.

The accident occurred about one-half mile from the city. Cook was driving the motorcycle and in turning to the side of the road to allow an automobile to pass, the couple failed to note the approach of Mr. Clay from the rear, as the approach of the machine was obscured by the dust.

The car driven by Mr. Clay struck the motorcycle, throwing the riders to the ground and passing entirely over them. Mr. Clay ran some distance before his car could be brought to a stop and backing up succeeded in disengaging the two men from the wreck of the motorcycle. They were placed in the car and brought to this city where they were given every attention.

Farmer was badly hurt about the limbs, suffering a severe wrench to the right member and was badly cut about the body. He is at his home on Scott avenue and it is probable he will be confined to his bed for several weeks. Cook escaped with a few slight bruises. While the accident was very unfortunate, no blame is attached to Mr. Clay.

WOMEN MUST REGISTER  
TO VOTE IN SCHOOL ELECTION

For the first time in Bourbon county women will be allowed to register today, so that they may have the privilege of voting in any school election during the year. Paris, being a city of the fourth class, has two members from each ward on the School Board, elected by the city at large for four years. These members are to be elected this November, and no women may vote in that election or any other unless they register today.

County Clerk Pearce Paton has announced that separate registration books will be furnished for women, and their registration will take place at the regular voting places in the several precincts, the polls being open from 6 a. m. to 9 p. m.

The School Improvement League, which has done excellent work in the county for several years, had literature on the subject distributed yesterday, and its members hope all women who are interested in the schools will remember to register.

## THEATRICAL.

Evans' Minstrels at Lexington.

The coming of "Honey Boy" Evans to the Lexington Opera House for three nights and Wednesday matinee, commencing last night, recalls the inaugural appearance of this favorite little monologist at the head of the first "Honey Boy" minstrels, under the direction of Cohan and Harris. Evans was the featured star of that big assemblage of stars, but he did not become sole owner and proprietor until the middle of the second year of the Cohan and Harris tour; it was in February, 1910, that Evans bought out Cohan and Harris and assumed his managerial dignity. George Evans was for years a minstrel enthusiast. He was one of the original Reed and Collier minstrels at the Bush street Theatre, San Francisco. He was a ballad singer also in Haverly's big Mastodon troupe. So it may be seen that he had "been to school" in minstrelsy long before the Cohan and Harris venture. This year, the sixth of the "Honey Boy" Minstrels, finds George Evans as enthusiastic about the possibilities of America's time-honored entertainment as he has ever been, and he contends that minstrelsy is really only in its infancy, and that the public is as eager now as ever to applaud its strides. Seats are now on sale. (adv)

## The Edison Talking Pictures.

The first view of the Kinetophone, the genuine Edison Talking Pictures, will be given at the Paris Grand Oct. 10 and 11, where the apparently impossible will be achieved, the audience hearing and also seeing a musical performance, a minstrel show, and getting an explanation. It seems beyond belief, but the beginning is only in sight. We are making history every day, and the Kinetophone will give future generations the complete story in every detail. The Edison Talking Pictures are all that they are heralded to be, the synchronization is perfect, the voices clear and distinct, and have created an unlimited amount of talk where shown. (adv)

## "Little Women" at The Grand.

William A. Brady's production of "Little Women," a dramatization of Louisa M. Alcott's immortal story, will be presented at the Paris Grand, Wednesday, Oct. 8, matinee and night, just as it ran for a solid year at the Playhouse, New York.

"Little Women," as it is pictured by Miss Alcott in her book of that name, is in truth the story of the four Alcott girls, the daughters of Amos Bronson Alcott. Brought up in the atmosphere of "plain living and high thinking," with Emerson, Thoreau and Hawthorne as neighbors and family friends, what wonder that the reader of today is startled by the modern spirit which Miss Alcott, the Jo of the story, has put in her little book?

It has taken years to get the Alcott heirs to consent to having "Little Woman" put on the stage, but the argument which finally prevailed was that the play would actually reproduce the book, and that Miss Alcott, herself, with her keen love for the stage and her delight in playwriting, would have been the first to welcome her story in stage form.

Ever since William A. Brady announced his forthcoming production of "Little Women," his office has been deluged with letters both of inquiry and suggestion. "Please make Jo marry Laurie" is one of the favorites, which recalls to those familiar with Louisa M. Alcott's charming "Life and Letters," one characteristic entry in her journal: "I don't care; I will not let Jo marry Laurie, no matter what people say." Another is: "Please don't let Beth die, for I like her best of all." All of which goes to show how thoroughly the story has been absorbed and enjoyed.

The city school will dismiss at 2:45 so that the scholars can attend the matinee. Curtain at 3:00.

The St. Louis club women have opened a large clubhouse at 4600 Lindell boulevard with a large cafe and two private dining rooms as features.
